Dear Fellow Dunsfold Villager

It is with a deep sense of frustration that we have been locked down again with all the inconvenience and economic damage that is involved.

The rules are slightly different this time and we are now allowed to offer takeaway food and drink providing you have pre-ordered - in our case we will be taking orders on the phone and offering 'socially distant' collection slots initially at five minute intervals.

This leaflet represents our initial offering which will be adjusted as demand and the situation evolves.

We are not getting as much financial support as last time but 'flexible' furlough means any takeaway profits can now go towards trying to keep the pub afloat - just when we were hoping to be making a return on the investments made during the first lockdown.

Thank you very much for your support, it is much needed and appreciated.

Chris & Von

**Pre booking only by phone on**

**01483 200242**

**Please be ready to pay by card preferably contactless when you collect.**

**Book your five minute collection slot early to help our organisation and avoid disappointment.**
